EVENT OUTLINE

Management of the most common post-lockdown dental emergencies by Sanjay Chopra, Specialist Oral Surgeon

Aims & Objectives

Sanjay will outline the range of the most frequent problems patients had encountered during and after the lockdown and how to manage them efficiently using current protocols and restrictions.

He will also discuss some of the problems some patients have experienced accessing hospital oral surgery referral facilities and their criteria for accepting patients.

Immediate Implant placement and Loading using the latest digital technology and techniques by Philip Hayter, Specialist Oral Surgeon

Aims & Objectives:

Philip will demonstrate the cutting-edge techniques currently used at Highland View when planning and performing complex implant cases. He will explain how digital files from an intra oral scanner and CBCT scanner can be merged to create an ideal digital platform to remotely plan surgery and restorative treatment .

He will also show how to place implants with guided surgery and then fit the cad-cam titanium milled bar and temporary bridge all in the same morning.

Terms and Conditions *

To qualify for the complimentary cheese and wine hamper you must book your place using the link provided and be one of the first 40 to book and subject to you attending the webinar. You must have a UK address that you are happy to supply so we can send the hamper to. This incentive is valid until the 24/11/2020 unless the first 40 sign-ups are taken before that end date. Hamper is only available for over 18's only. We will contact you if you are one of the first 40 to receive a hamper on receipt of your booking. Valid only for attendees of the webinar. The hamper is non-exchangeable, non-transferable, and is not redeemable for cash or other prizes.

Charity Disclaimer *

We are recommending a minimum charitable donation of £10 to Dental Wellness Trust instead of a course fee. This is not compulsory if you do not wish to make a donation you can still sign up and attend the webinar.
